

Townhouses

Winchester, Massachusetts

Project Highlights

New family housing project in an existing residential neighborhood.

Project renderings assisted owner and neighbors in conceptualizing the new structure.

Renderings for the proposed townhouse style units in Winchester.

Side Elevation Rendering

Front Elevation Rendering

Your Project, Our Role...

Designed under B. Goba & Associates, P.C., this project involved design of family housing in a residential neighborhood in suburban Boston community.

Our firm developed presentation renderings for the project which included site plans and elevations.

The Preservation Collaborative can provide clients with project support. From renderings to design assistance, we are ready to meet any challenge at hand. Let us help ease the burden of work. Contact us today!
